JAMBO!

Kenya Self-Help Project, on behalf of the secondary (high school) students of Kendu Bay, Kenya warmly thanks you for your generous gift of \$1,970. The full amount will go toward providing extra school tutoring for the students while they are home during school vacation.

The money you raised in Vacation Bible School and your summer Sunday School offerings will pay for them to receive help in subjects such as English, Chemistry, and Mathematics. For many of these students this is a dream come true since they are either orphans or come from families where the parents have little education themselves and no financial resources to get the help necessary.

I hope you will be able to imagine how excited a young student in the second, third and fourth grade, with only **one** pencil to last the whole school year, might be to get the new colorful pencils, protractors and sharpeners you also have sent?

The Kenya Self-Help Project and leaders of our partner organization in Kenya want you to know how the money and items you have provided will make an immediate and long-term difference in the lives of children who dream of lives filled with hope and opportunity. So little means so much to them...you are to be congratulated for your hearts of love and generosity.

When I return from Kenya in September, I will bring back a video of the children to share with you all. We sincerely thank you for your partnership in the Kenya Self-Help Project's work promoting self-help initiatives that improve educational opportunity and improve the lives of those in need.

Sincerely,

Sarah A. DeKoven
Kenya Self-Help Project, Inc.

Kenya Self-Help Project is a 501(c)(3) public charity. No goods or services were provided for this donation.
